ORANGEVILLE, ILLINOIS

TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and at so much per piece.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same,

and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

NOTE—A printed list of all the prices realized at this sale will be sent for one dollar, cash with order in advance. Or it will be furnished to bidders at this sale for only 25 cents in coin, if ordered in advance of the sale, and a quarter is enclosed with the bids. It is a great help and a satisfaction to keep posted on values.

ANCIENT GREEK GOLD COINS

1. **Cyrene**, B.C. 431-323. Gold one-tenth stater. Head of Zeus Ammon r. Rev. head of Nymph Kyrene r. Fine; edge nicks.

Arrested on Mail Fraud Charge. Willard Richardson, 53, of Albany, N. Y., has been arrested on a charge of using the mails to defraud, and was indicted by a Federal grand jury, and awaits hearing in jail, after failure to post bond. He obtained coins from

dealers without paying for them. Now, my good people, don't fall downstairs in your haste to mail me your next check for coins!

Our Clients Also Are Satisfied. Collectors who are contemplating the sale of their collection or duplicates should remember that the results realized at our sales are satisfactory to our clients. From way out in Washington state we have "Received the report on the sale of my coins, and was very well pleased with the results." Writes Mr. Reis, relative to the sale of his collection in September, "Needless to say I am highly pleased at the results of the sale, no small portion of which is due to your fine handling of it."

And from Mrs. A. P. Wylie, Illinois, we have "I am very much pleased with the results of the sale, which brought more than I thought it would. Thank you for the check, statement, and all past favors." Elmer Sears wrote before he died: "The results are very satisfactory and I will prepare a further consignment." Mr. Howland Wood consigned to me and wrote me, "I am well satisfied with the results. Many thanks for your promptness in sending check."

The late Charles Markus, for several years president of the American Numismatic association, wrote me, "There is no other dealer I could recommend more highly, and I am absolutely sure of fair dealing with you." One of the most prominent collectors writes "I am very much pleased with your knowledge on the subject . . . the catalogues are written in high-class English, printed in first class form. Your settlements have been prompt. I have had considerable experience selling at auctions some \$200,000 worth of these kinds of material and I can cordially and sincerely recommend you as a conductor of coin auction sales to any person interested."

We have hundreds of similar letters on file, showing that our clients are generally satisfied.

Bidders at Our Sales Are Our Best Friends. Besides pleasing our clients for whom we sell coins on commission, we aim to please the hundreds of purchasers at each sale. Our position in describing the condition of a coin is neutral, between owner and buyer.

From South Dakota we have, "As usual, the coins were perfect in every way and I assure you I await each of your sale catalogues." From Ohio: "Your service has been most satisfactory and enjoyable." From New York, "I want to thank you for giving me these items at less than my bids. I appreciate it very much not only for the money that might be saved, but it gives me the satisfaction of knowing these sales are conducted honestly." From Tiffin, Ohio: "I find that I got all but one item below my bids." From Long Island: "I am very well satisfied with the coins, especially the condition. I have found that I may depend upon your cataloguing." From St. Paul, "I want to commend you on the condition of the \$82 worth of coins I received. They certainly were as represented."

From Arizona: "I have purchased many hundreds of dollars worth of material at auction. The quality of merchandise and standard of service rendered by you are definitely 'tops' in the numismatic market. Your fair descriptions and honesty in handling open or unlimited bids are truly outstanding."

Occasionally some inexperienced collector is not satisfied, generally because he does not know what to expect, or expects that every kind of a coin is readily obtainable in absolutely perfect and flawless condition, which is not true. One customer writes that he has been bidding 22 cents each on lots of large cents, and seems to just miss them a cent or two at each sale. To such, we can only advise to bid more liberally for success. We will reduce the cost if other actual bids permit. That is our policy, just as if all were present at the sale in person.

Our 116th Sale Will Be Held in May. If you plan to sell your collection or duplicates before next fall, it will be well for you to get them in this sale. Send the material by express, insured. The insurance rates are 10 cents for each \$100 valuation over \$50, the first \$50 insurance being free. Our rates of commission are reasonable, and our settlements are prompt. There is no waiting for a sale, as we hold them each month, or thereabouts. If the collection is large or valuable, and the owner desires a personal interview, we will make the trip to your home to complete the arrangements.

A TRIP ABROAD

(Continued from 114th catalog)

Suburban bus service is good in Oslo, so we reached the railroad station on time from the island home we enjoyed overnight. A few hours train ride brings us to Hammer, when friends meet us in a Chevvie. We enjoy Lake Mjösen and the summer homes, and visit the ruins of an old church a thousand years old. Another church still in use contains wonderful art work, paintings by the masters and an altar dated 1652. We visited half a dozen fine farm homes that day, relatives of our host and entertainer and friends, and found these people delightful to meet, charming in manners, truly good people. This is a fine section of the country, with large houses and barns, sometimes fifty cattle to a farm. Some of the homes are very old, with many interesting antiques.

Upon our arrival at any home, immediately the coffee-pot goes on the stove. That means lunch before we depart. Eating six or eight times a day is more than I am used to, but that is what the ticket called for. At one place we were served in the garden court with delicious cold fresh red raspberry juice. The following day we traveled by auto to Lillehammar. There we see a church 820 years old, with the furniture 300 years old. Here we visit one of the collections of old buildings in the country. They have been assembled from various parts of Norway by the government, probably a hundred or more. Those made of extra large timbers are usually the oldest. They date from 1000 A.D. The finest building was the pastor's home in the old day. His home was best furnished, showing the great respect and esteem in which he was held. Capable guides take us through the buildings, showing us the mediaeval kitchens, box beds, mill, storehouse and all.

A very old counterfeiter's tree was interesting. In this large tree's hollow were hidden the plates and material used in making counterfeit notes of long ago, used in Norway. And if he were hard pressed, I have no doubt the counterfeiter himself took refuge in this tree, for there was space. The next day we boarded a train on the scenic railway north to Trondheim, arriving there at 10 p. m. in broad daylight. The trains stop from five to ten minutes in all good towns, and we alight for exercise, or if desired, a light lunch and coffee which is promptly ready in the station. The stations are all in neat repair and order, and the lawns well kept, with grass and flower beds, quite in contrast with the many unsightly stations in America.

(To be continued)

For 50 years its monthly visits have been a source of inspiration and a stimulus to all grades of collectors from the beginner to the advanced student.

The Numismatist

An illustrated monthly for those interested in Coins,
Medals, and Paper Money
